

The Heathland

Roelof Ruis

2025

Lead Sheet for Accordion or Ensemble

This tune is inspired by the open views of heathland at National Park De Hoge Veluwe.

It can be performed solo or with an ensemble, the global structure provided may be adjusted to allow different performance durations with more or less room for improvisation.

Where a bass cleff is present the bass is intended to play the notes as written, otherwise the chords should be followed.
